4-H Leader Reference

Name: _____

Club: _____

Telephone: _____

POSSIBLE CONFLICTS:

Resource Leaders should not hold any paid position at events that 4-H members may be competing/participating in. Any such position could be considered a conflict of interest. Any questions should be directed in writing to the Contra Costa County Executive Council in care of the current council president.

POSITION UNDERSTANDING:

I have read the responsibilities of a resource leader and agree to assume the responsibilities. I understand that the job of resource leader is for the benefit of all members and leaders countywide and I agree to do my best to further their knowledge and skills in this project area.

Date

SELECTION OF RESOURCE LEADERS

The position of Resource Leader will be for one year, from September to September, as the same Resource Leader should be available for the Fair as well as for the project year. Resource Leaders will be registered and orientated at the beginning of each project year.

To encourage increased communication within the County, efforts will be made to rotate the position among qualified persons from year to year. Again, media such as the Cloverleaf should be used to encourage participation and to get leaders/members thinking about likely candidate for the position.

The Vice President of the current County Council will be responsible for researching/contacting persons interested in the position and for reviewing performance of current Resource Leaders by discussing with Project Leaders. Appreciation will be expressed in writing to each Resource Leader for that year's efforts, along with the possible request for further resource assistance from that person in the coming year. Resource Leader Applications will be mailed to previous Resource Leaders and are also available from Community Leaders or the Vice President of the County Council.

If there is no one available/qualified to fill a position as a Resource Leader, then that position will remain vacant until one is found.

The list will then be submitted to the Executive Committee and on to County Council for final approval.

Approved by County Council at Regular Meeting – 9/9/96
